# COMPETITION AREAS

## Sprint Stage

Sinaia, a town having a famous Royal Palace, Casino and Monastery, located on the side of the mountain, it will provide you both, the joy of Orienteering, with races on the climbing streets and alleys and pedestrian passages by stairs and the pleasure of admiring the palaces and villas having a beautiful architecture.

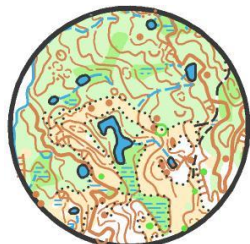

## MD, LD & Relay Stages

At Comarnic, the sides of Gurguiata Peak will offer you an incredible diversity of the types of the Orienteering terrain. You will meet up with all you can imagine.

**All your Orienteering skills will turn to good account**

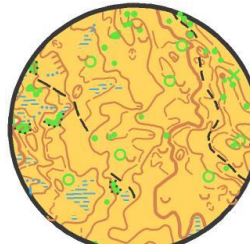

The rocky terrain, with specific microrelief

Lakes and swamps

Clear forest, with microrelief details

Open areas, with microrelief and vegetation details

Semiopen areas, with landslides and vegetation details

## The BEST in ROMANIA

### ***Ionut Zinca (mapping 2017 – 2018):***

„The competition zone is incredible; it combines complex areas, where very much concentration is needed, with very fast areas, where the running speed can be high. Generally, the competition zone benefits from a rich landscape, many kinds of vegetation and not only. As a cartographer, I wish to mention that now **the map is the most difficult one in Romania** .”

### ***Istvan Foldi (mapping 2018 – 2019):***

„**The area is enviable.** Mountainous terrain with a strong look of hills shaped by landslides, specific to the hills from the South of the Carpathians of Curvature. Physically and technically demanding terrain covered by diverse vegetation; from beautiful mixed forest with good visibility and runnability to large areas of mountainous open and semi open pastures and parts of thick vegetation. The area consists of undulating slopes, offering good route choice possibilities, exchanging with very detailed and technically challenging landslide micro relief, sometimes with rocky walls cliffs or boulders.”

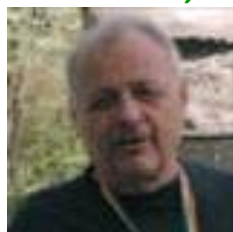

### ***Didi Rosca ( update mapping 2019):***

„It is to be expected a high orienteering technical level and the diversity of the area as specific orienteering. Each section will delight you differently. Those who are passionate about orienteering will have **a remarkable experience**.”

## ABOUT THE PREVIOUS EDITIONS

### ***Romanian Cup, Comarnic, May 2018***

#### ***Emil Olteanu (Master, Competitions Organizer):***

„The way it is organized deserves 10 points out of 10, **the best I have seen in Romania**”

### ***Carpathian Orienteering Trophy, Comarnic, May 2019***

#### ***Ovidiu Muțiu (Master, many selections in the National Romanian Team):***

„**The coolest race I have ever run.**”

- The **access road** from DN1 to the **Parking** and **Event Center** for the stages:
